

BIID Client Referral Example

Location: Chiswick, London

Project start date: 1st April

Project type: Residential

Project building type: Existing

Architectural Style: Victorian

Property type: Detached house

Size of Project (Sq. m): 190

Estimated project budget: 30,000 -50,000 GBP

Level of involvement expected from interior designer: Full-service

Description:

We are looking for an interior designer to help us redecorate our 4-bedroom, 3.5-bathroom home in West London. We already have paint colours selected, but otherwise the house is a blank canvas, and we would love some guidance on creating a cohesive, characterful scheme throughout.

We're open to incorporating existing furniture and décor if they suit the new design, but we're equally happy to sell or donate items that no longer fit. Our preferred style is a mix of traditional and contemporary pieces, brought to life with bold colours, rich textures, and layered fabrics. We'd also appreciate help selecting and matching fabrics for some custom furniture. We're not looking for anything Scandinavian or modern.

If this sounds like your style and expertise, we'd love to hear from you.

Thank you,

Chiswick Home
