

BIID Professional Practice Support CDM Regulations 2015

CDM Regulations 2015 and Health & Safety - Industry Guidance for Principal Designers CPD (continuing Professional Development). The Construction (design and management) Regulations (CDM 2015) are the main set of regulations for monitoring health, safety, and welfare of construction projects.

This is an hour-long CPD. Please [click here](#) to access the online course.

Once you have completed the course, please complete the [questionnaire](#). The questionnaire only takes a few minutes to complete.

Once your questionnaire has been graded, you will receive a copy of your certificate within 5 working days.
